

CRL S50 Glass Cleaner

- Fast Evaporation Rate, Just Spray and Wipe Clean
- Also Available With Your Logo or in Your Own Private Labeled Cans

Ammonia Free Formula

12 Cans Per Case

Year after year, S50 is one of our most popular cleaners. The formula includes perfume-grade alcohols, which are the best cleaning agents you can use. It also has a fast evaporation rate, which keeps it from leaving a film and adversely interacting with other materials. Also available with your logo or private label (see page 214G).

CAT. NO.	NET WEIGHT	QTY/CASE
S50	19 Oz. (539 g)	12

Minimum order: 1 case. All aerosol glass cleaners can be combined for quantity pricing.

CRL/Somaca Hi-SHEEN® Glass Cleaner

- Industrial Strength Cleaner
- Won't Leave Streaks, Blurs, or Rainbows
- Also Available With Your Logo or In Your Own Private Labeled Cans

Ammoniated Formula

12 Cans Per Case

This industrial strength cleaner is specially formulated to dissolve the toughest problems a professional will face: dirt, fingerprints, grime, grease, salts, saps and smudges. Hi-SHEEN® lifts residues from nonporous surfaces. It will not run when applying, or evaporate quickly like many other cleaners on the market. And it won't leave streaks, blurs, or rainbows.

CAT. NO.	NET WEIGHT	QTY/CASE
3371100	19 Oz. (538 g)	12

Minimum order: 1 case. All aerosol glass cleaners can be combined for quantity pricing.

CRL Bio-Clean Water Stain Remover

- Effectively Removes Water and Mineral Stains, Rust, Tree Sap, Paint Overspray, Soap Scum, and Mildew From Glass and Other Surfaces
- Works Great On: Shower Doors, Windows, Glass Surfaces, Tile, Fiberglass, Windshields, Chrome, Porcelain, Corian®, Anodized Brass and Aluminum, Stainless Steel, and Hard Vinyl
- Removes Stage One Corrosion Quickly

CRL Bio-Clean is a professional strength cleaner recommended by both glazing contractors and professional window cleaning companies. It is successfully used in hospitals, nursing homes, manufacturing plants, hotels, supermarkets and other public facilities with difficult to clean surfaces.

NOTE: Do not use on surfaces that can be harmed by the use of a mild abrasive.

Stage One Corrosion is defined as glass with light corrosion, and little or no damage to the glass. Stage Two Corrosion occurs when the deposits are no longer on the surface of the glass, but have started to break down the molecular structure of the glass, leaving an etched or white haze on the glass after the stain has been removed. CRL Water Stain Remover will not repair glass with Stage Two Corrosion.

CAT. NO.	CONTENTS	QTY/CASE
WSR1	16 Fl. Oz. (473 ml)	12

Minimum order: 1 each.

CRL "Sparkle" Cleaner and Stain Remover

- Cleans Light Water Stains From Glass
- Removes Soap Scum From Shower Doors

CRL "Sparkle" Cleaner does those glass cleaning jobs too tough for spray-on cleaners. It removes light water spots and stains in glass caused by weather, sea air, or pollution; also removes soap scum from shower doors and ceramic tile. Wipe on with a damp cloth or paper towel, rub stained areas, then wipe off.
